“ Our dad left us way too early but with good reason. He full filled his life here on earth, (in his mind) & was tired of what became his new norm in everyday life; depending on others to take him to dialysis three times a week to doctor appointments, help him shower, dress, reminding him to take medication and watching his diet. Prior to death, dad fell and broke his hip and was hospitalized. He was just over (the new norm). We miss him terribly and with time hope to heal knowing he went in peace with family and friends by his side. A overwhelming outpour of gratitude to those that stepped up without hesitation to help both my parents in their trying times. But more than ever our niece, nephew & great nephews, who had it not been for all of their devotedness we could not have done it without. Melissa, Zach, Keith & Mason, we love you and are forever indebted to all of you.

With all our love, Aunt Donnell, mom/nana "D", Aunt Darcy, Uncle Russ & families
