“ *My condolences to John’s family. John was my Mother’s (Doris) first cousin. I always heard stories but got to meet him at our family reunion in June of 2014. I have since read his books and corresponded at Christmas. We will miss him.*

“ *Cousin John was my favorite cousin in the Philipsen family. His service to his country and love for his family made him a role model for me. I will never forget him visiting me in Eastern Province of Saudi Arabia (USNR-Seabees) in January 1991 during Desert Shield/Storm.
John, you will be missed!*
