“ Thank you for being such an amazing, kind, and caring person in my life. I could always depend on you no matter what. I know you'll be watching over us all from up above until we meet again 💙

empty because he's not here or our hearts can be filled with the love we shared. We can remember only that he's gone or we can cherish his memory and let it live on. We can cry and close our minds, be empty, and turn our backs, or we can do what he would want: smile.

“ I miss you so much son and love you forever, letting you go was the hardest decision I had to make, but I didn't want you to be suffering and in pain anymore so I did it for you. A piece of me went with you and our family now has a missing piece, our glue, may you rest in peace son , you'll always be with me and I know you wouldn't want me to be in pain, sad but I will be without you, heaven gained a beautiful, loving young man, you're my everything and I love you more than life itself
