“ *I had the privilege of working with Leanne for about 5 years At Jade Communications and I will never forget how she would make us laugh every single day was so contagious we continued to be friends throughout our lives. Our Father's were on dialysis together and wea also good friends. The funniest story she ever told us was how her and Critter were on the road and it was late and they were tired and hungry and she wanted to stop and eat at chili's and he didn't want to but he did stop giving her a hard time. .he'd let her have anything she wanted. So to get critter to smile she told the waiter that it was his birthday and as we all know when that happens.. they come out singing Happy Birthday...she said she'll never forget the look on his face when they did that to him. To this day I tell that story cause it's so funny and so Leanne May they both rest in peace together I truly loved her.*
