“ *I was saddened to hear of the passing of Marvin. I went to school with Marvin and always thought of him as a kind and gentle soul. He helped me with a wood project in wood class and I was very appreciative, since I had no idea what I was doing. We spent twelve years passing in the hall and after graduation, I never saw Marvin again. I moved away to attend college and didn't return to the valley until recently.*

I am thankful that Marvin was a part of my life and I hope that you can find comfort in your memories and know that Marvin will always be remembered as a special person.
