“ My name is Dita and I was friends with Sune for 17 yrs. I loved her very much and I am just beside myself w grief. We talked on the phone every Saturday at 2:00 pm. She was the most gentle loving soul you would ever meet. Her work was so very important to the well being of the planet and she taught me so much. Her kindness and loving spirit will live on in every one she touched. I was so concerned about her bc I knew of the pain she was in. We had many profound conversations before she crossed. I will carry her w me on the rest of my journey here until we can meet again. Finally at peace with no more pain. I love you my soul sister.
