“ Tobias was a great friend to me. When I look back on my childhood he is in so many of my memories. From going fishing, playing little league baseball, riding our 4wheelers and dirt bikes, going to Pueblo to stay at his sisters, staying up late on summer nights just hanging out, and countless other memories. I will miss him greatly and I wish that I would've been able to be around him more in these last few years. RIP brother, you will be greatly missed.
